

## Australian Garage sheds, garages and carports

Australian Garage Supermarket

For two consecutive years our company has won the highly sought after award of the AUSTRALIAN INSTITUTE, STEEL SHED GROUP in the Category of Residential Innovative Use of Cold Framed Steel. This is a National Award with over 879 companies competing for it.

How to get EXACTLY what YOU want...

Innovative styles, sizes and custom built to add VALUE to you property

The Australian Garage Supermarket is a family owned and operated company with a great proven track record in high quality sheds and customer satisfaction, from our vast experience of working in the industry over many years.

From Curved roofs, eaves, to custom design structures, we guarantee you a shed of the highest quality, to suit your personal needs and lifestyle. Whether your site is level or on a hill we will design a shed for your individual needs. When it comes to uneven difficult sites we'll either built on stumps or on step down slabs.

Whether you need an extention to an existing structure or you want a garage or a carport attached to your house we'll design a structure to blend in with the existing design.

Please contact us with any questions or to discuss your individual needs.
